Proposal Submission Requirements

1. The quote must be good for at least 21 days after the deadline. The quote should specify the length of time until the quote expiration.
2. The vendor must explain if the quoted items are either (1) currently in-stock and/or (2) currently back-ordered with an approximate anticipated timeline until in-stock (in both cases, this answer is as of the initial date of the quote).

3. After the quote expires, we may choose to reach out to the vendor with a desire to order additional quantity of the product, however we accept that the pricing might by necessity change if the vendor can no longer meet that price (or models) after the initial quote expires.
4. Quotes will be accepted in electronic format only to the email address and name on this RFQ document (see the beginning of this document). Please include “RFQ” in the subject line of the message. Vendors may use a format of their own choosing for the quote. Questions about the process should be directed to the same email address as well.
5. If there are any additional costs for shipping or otherwise, it should be listed on the quote as a shipping and/or handling charge. For larger shipments, a standard-height loading dock is available at 1235 Storrs Rd., Storrs-Mansfield, CT 06268 for receipt of deliveries.
6. The vendor is responsible for submitting a quote for consideration in a timely manner with a desired deadline. See Deadline section earlier in this document for date and time.
