Community

This snapshot of **E.O. Smith High School** illustrates why we are known across the region for our student-centered community, challenging curriculum, talented faculty, and robust array of clubs, athletics, and artistic activities. Together, these efforts position our graduates for success in all of life's pursuits.

Regional School District #19 represents students from **Ashford, Mansfield and Willington**. We also accept and have students from **Columbia, Windham, Coventry** and other towns in the region. Visit eosmith.org for more information about us and the application process.

Why E.O. Smith High School?

We provide students the necessary resources and support for preparing them in a career or vocation that will lead to success and a productive life. Our past achievements demonstrate that no other high school in the region has the highest rate of students going to college, the most Advanced Placement (AP) and UConn course offerings along with the most diverse array of clubs, athletics, and artistic activities.

Highlights

We have the distinction of having the largest UConn E.C.E enrollment of students and the highest participation rate of all high schools in CT.

The dollar value of UCONN (ECE) credits earned by our students is \$2.9 million.

We also offer courses from Eastern Connecticut State University and Manchester Community College.

Our AP options are comprehensive in preparation for college.

Our co-curricular programs and clubs provide students a way to participate in an interest of their choice. This experience enriches the whole approach to our academic programs, and community and civic engagement activities.

We are committed to academic excellence, personal achievement, and integrity for students to:

- communicate clearly and effectively,
- become proficient with and apply the standards for mathematical practices,
- apply creative and practical approaches to solving problems, and
- demonstrate skills and habits conducive to self-directed and life-long learning which supports positive social change.

Technology

World Languages

Co-curricular Offerings:

Athletics

Theatre

Music

Clubs and Activities

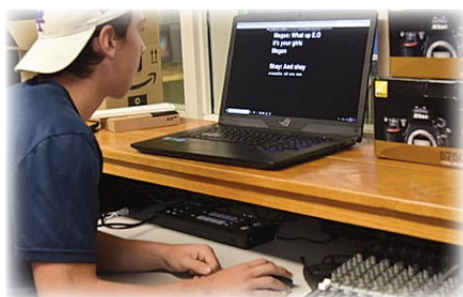

Support & Special Services:

Library Media Center

Academic Study Center

School Counseling/Support Services

Health Office

"The art program really allowed me to fully delve into the art world and I couldn't be happier to live in this world at Montserrat College of Art. The art teachers had extensive knowledge in their own personal art experiences, which continuously kept me inspired with each project, whether in or out of class."

Lexi P.
Class of 2017

"Get all you can from your World Language classes. They can open doors you never thought possible, both professionally and personally. I am so grateful for the opportunity I had at E.O. Smith to study World Languages."

Michael F.
Class of 2012
Studied French at UCONN

"E.O. Smith's math teachers helped me achieve a strong understanding of algebra, trigonometry and calculus that has been critical in studying mechanical engineering at the college level."

Martin K.
Class of 2015

"Science courses at E.O. Smith provided me with a foundation in sciences that helped my coursework in college. Not only did the AP credit allow me to take higher level courses during my time in college, but the courses inspired my interest in the sciences.

The teachers were also very caring and personally invested in my success, spending numerous hours after school helping me and my peers' complete projects and cultivate our interests in science and in the process."

Anysia L.

"Taking E.O. Smith's Advanced Placement Social Studies and Humanities courses earned me a semester's worth of college credit—for free! The dedication and passion of our instructors shaped my decision to study history in college. I studied to become a historian at one of the top graduate programs in the world."

Miles W., Class of 2010

Graduate Fellow at the University of Wisconsin- Madison
